

Bill Mitchell Bio: Helen and I, almost simultaneously, wanted to find a church and grow our faith. Community of Hope was the first church we visited and we felt immediately welcomed and spiritually fed. Since joining almost six years ago I've been a member of the finance team, hospitality, meal, B2B construction, hurricane repairs, and men's ministry teams. I've been a member of several different small groups and a participant of the University of the Holy Spirit for several years. I can't thank each and every member of each team, small group, and our church enough for all you've meant to me through your encouraging words and deeds.
